

# We built our Equine Veterinary Software with you in mind!

Understanding the everyday tasks and typical challenges of Equine Vets has helped us develop our Equine Practice Management Software with all the functionality we know you need.

**We know you're busy and need to be mobile when working at a yard or remote site and we've made sure our equine veterinary software can keep up with all the features you need to support your patients and your practice.**

## Our VetIT Equine Management Software promises:

- An intelligent, intuitive user-friendly interface
- Simple IT infrastructure with automatic back-ups for peace of mind
- Access from anywhere, anytime
- Outstanding support from our friendly team
- Cloud based technology
- In-depth reporting
- Comprehensive accounting features to manage payments, invoices and debt

## PLUS the ability to:

- Work onsite using our On The Road Veterinary Mobile App even without a connection
- Offer unlimited discounting for different clients, horses, yards or account groups
- Add multiple owners to horse accounts
- Choose your invoice & report styles
- Send reminders by SMS text, email or post
- Export detailed reports for your business

Our VetIT practice management software is a comprehensive system with functionality we know you'll be impressed with. We've included a summary here but please don't hesitate to contact us if you would like to discuss any in more detail. We look forward to your call.
